

Breaking Barriers 2024 New and Returning Participants

Thank you for your interest in participating in the 2024 Breaking Barriers Quality Improvement project. Note, if you participated in 2023 Breaking Barriers you only need to complete the first few questions.

Programs participating in 2024 Breaking Barriers must already have a system in place to track "no-shows" using the inclusion/exclusion criteria described in the data metrics section of the survey.

We recommend you complete the below pre-survey with all core QI team member input. It may be easiest to download a PDF of this survey found on the project website before transferring answers into REDCap.

Please reach out to CancerQI@facs.org with any questions.

What is your program/hospital name?

What is your Facility ID Number (FIN) or Company ID Number (CIN)

What is your email address?

Did you participate in the 2023 Breaking Barriers QI Project?

- Yes
- No

Do you plan to participate in the 2024 Breaking Barriers QI project?

- Yes
- No

Which barrier do you intend to address (select all that apply)

- Transportation
- Patient sick due to toxicity
- Conflicting appointments
- Patient no longer wishes to seek treatment
- Unsure at this time
- Other

Other: Please explain

Please indicate why you are not participating in the 2024 Breaking Barriers QI project (select all that apply)

- "No show" is not a problem for our program
- We were able to decrease our "no show" rate in one year
- We will be focusing our effort on another QI topic
- Breaking Barriers was too time intensive
- We are unable to put systems in place to address no-shows at this time
- Other

Other: Please explain
